Radiators

We would like to Quote you on a Radiator!
If you call us with the original OE radiator number, we can get an exact match and have it shipped to you within a day or two. We are here to save you money, so give us a call!

- Radiators are built to meet or exceed OEM specifications
- Many radiators offered in Copper/Brass as well as Plastic/Aluminum
- Depth of Inventory goes beyond the normal top 25 sellers

Exhaust

Consider our 14 Gauge Aluminized Exhaust!
With frequent starts and stops, moisture doesn't have a chance to heat up and dry moisture out of the muffler and tailpipes. The constant moisture in the muffler and tailpipes can drastically shorten the life of an exhaust system.

Mill Supply carries Aluminized Exhaust Systems for long life. When you use one of our aluminized systems you can expect at least double the life versus a steel muffler & tailpipe.

Brakes

When you need brake parts, think Mill Supply!
Be sure to check millsupply.com for brake parts. Click on 'Medium Duty Truck Parts' and choose your vehicle in the listing in the left column.

We carry brake parts for:
- Chevy/GMC
- Ford
- Freightliner
- Hino
- International
